REN OIS BLUBBERING

The Reno papers are raising a great howl because Governor Sparks has appointed a Carson gentleman fish commissioner to fill a vacancy in the board. That was to be expected. Whenever Reno is not given recognition even a fish commission, whose members serve without pay, of denunciation began to fall. Reno has always had the name of being a hog, and she evidently intends keeping up her reputation. Governor Sparks has treated Washoe county with far greater consideration than she has treated him (for proof of this see the returns of the last election) and the Renolites should stop their blubbering. Wells Herald.

The correspondent at Elko of the Reno Gazette who sent in the telegraphic report of the recent locomotive explosion at Cedar evidently had no regard for the truth or was indulging in a pipe dream. There was not a word of truth in the whole statement.

The new Book of Forms for the Episcopal church was denounced at the Convention of "smelling of priestcraft." Then again the donations of Rockefeller to the Chicago Colleges are denounced as being scented with kerosene.

In the new map being prepared of Nevada desert regions all of the springs streams and water holes will be designated.

One thing has been developed in the strenuous debate in the Senate on the railroad rate bill and that is that vice-president Fairbanks is a most incompetent presiding officer.
